

## News Announcement

### **Tecpro Systems Limited receives robust order inflows worth Rs. 369.3 crore across multiple service segments**

- Ash Handling System Package worth Rs. 162.0 crore from Meja Urja Nigam Private Limited
- Supply of Coal Handling Plant worth Rs. 80.7 crore from BHEL
- Mine Conveyor System worth Rs. 77.5 crore from Jindal India Thermal Power Limited
- Balance of Plant Package worth Rs. 29.1 crore from Maharashtra State Power Generation Co. Ltd.
- Fly Ash Handling System and High Concentration Slurry Disposal System worth Rs. 20 crore from IOT Infrastructure & Energy Services Limited

**Gurgaon, July 30, 2012:** Tecpro Systems Limited (Tecpro Systems), a leading Engineering Procurement and Construction ("EPC") Company providing comprehensive range of services in Coal handling and Ash handling, Balance of Plant (BoP) packages for Power Sector and Material Handling to Steel, Cement, Ports, Mining and other industries in Infrastructure sector, has announced that it has received orders aggregating to Rs. 369.3 crore across its diversified service offerings.

Tecpro Systems with high operational expertise in 3 core functional areas of any project i.e. ***Design & engineering, Manufacturing and Execution***, will undertake:

1. For Meja Urja Nigam Private Limited (a JV between NTPC and UPRVUNL), the Supply of Ash Handling System including Inland Transportation, Insurance, Installation, Commissioning and Conducting Guarantees tests for Meja Thermal Power Project (2x660 MW).
2. For BHEL, the Supply of Coal Handling Plant Main Conveyor Package including Storage,

Intermediate handling, Erection, Testing and Commissioning for the 2x660 MW Meja Thermal Power Project in Allahabad, UP.

3. For Jindal India Thermal Power Limited, the Design, Engineering, Manufacturing, Supply, Erection, Testing and Commissioning of Mine Conveyor System including Mechanical, Electrical, Instrumentation, Civil and Structural works for their upcoming 2x600 MW Coal based Thermal Power Plant in Angul district of Odisha.
4. For Maharashtra State Power Generation Company Limited, the Supply of Balance of Plant Package for Energy Efficient Renovation and Modernization of 210 MW Unit-6 Koradi Thermal Power Station.
5. For IOT Infrastructure & Energy Services Limited, the Design, Engineering, Supply, Packing and Forwarding, Transportation, Construction, Erection, Testing and Commissioning including PG Test and handing over of Fly Ash handling System and High Concentration Slurry Disposal System for 1x300 MW Coal based Thermal Power Plant of Maruti Clean Coal Power Limited in Korba district, Chhattisgarh.

**Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said,** *"Tecpro Systems has a unique presence across the value chain backed by proven execution capability which has helped us win orders across service verticals. The major thrust has come from the coal and ash handling space where Tecpro Systems continues to maintain a dominant position. We have also received a small BoP order which is a positive sign and we are hopeful of adding more high value orders in this space. We are confident that we will be able to maintain this momentum going forward as we continue to aggressively seek opportunities to grow all our business segments."*

## About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
