

## News Announcement

### **Tecpro Systems Limited receives order worth ₹119.7 crore from Andhra Pradesh Power Development Company Limited**

Gurgaon, March 05, 2012: Tecpro Systems Limited (Tecpro Systems), a leading Engineering Procurement and Construction ("EPC") Company providing comprehensive range of services in Coal handling and Ash handling, Balance of Plant (BoP) packages for Power Sector and Material Handling to Steel, Cement, Ports, Mining and other Industries In Infrastructure sector, has announced that it has received a letter of acceptance for an order worth ₹ 119.7 crore from Andhra Pradesh Power Development Company Limited (APPDCL) for 2X800 MW Sri Damodaram Sanjeevaiah Thermal Power Station at Nellore.

Tecpro Systems with high operational expertise in 3 core functional areas of any project i.e. *Design & engineering, Manufacturing and Execution*, will undertake Design, Engineering, Manufacturing, Erection, Testing & Commissioning of the complete External Coal Conveying System and Equipment to be installed between Krishnapatnam port to SDSTPS plant Crusher House including Civil, Structural, Mechanical, Electrical, Control and Instrumentation works for 2X800 MW Sri Damodaram Sanjeevaiah Thermal Power Station at Nellore.

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said, *"We are pleased to announce this order in the coal handling space. Tecpro has always been a dominant player in material and coal handling space and we expect to further add new orders in this space shortly given our L1 positions. Our unique presence across the value chain makes me confident that once the macro-economic situation starts improving we will be at the forefront to capitalize on the vast opportunities given our robust order book and proven execution capabilities."*

## About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
