

News Announcement

Tecpro Systems Limited receives orders worth ₹ 296.9 crore

- Coal Handling Plant Package worth Rs. 155 crore from Abhijeet Projects Limited
- Ash Handling System & Ash Water Recirculation Package worth Rs. 141.9 crore from NTPC

Gurgaon, April 11, 2012: Tecpro Systems Limited (Tecpro Systems), a leading Engineering Procurement and Construction ("EPC") Company providing comprehensive range of services in Coal handling and Ash handling, Balance of Plant (BoP) packages for Power Sector and Material Handling to Steel, Cement, Ports, Mining and other industries in Infrastructure sector, has announced that it has received orders aggregating to ₹ 296.9 crore from Abhijeet Projects Limited and NTPC Limited.

Tecpro Systems with high operational expertise in 3 core functional areas of any project i.e. *Design & engineering, Manufacturing and Execution*, will undertake:

1. For Abhijeet Projects Limited, the design, engineering, procurement, manufacturing, supply of Coal Handling Plant Package for Phase-I of 2x660 MW Super Critical Thermal Power Project in Banka district of Bihar.
2. For NTPC Limited, the design, engineering, manufacturing, testing at shop, inspecting, packing, forwarding to port of dispatch and transportation of the Ash Handling System and Ash Water Recirculation Package for Solapur Super Thermal Power Project (2 x 660 MW).

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said, *"We are delighted to announce these two orders. Tecpro has always been at the forefront in the coal and ash handling space. Going forward, we expect to receive a good share of orders in this space from public as well as private sector players. We have built a strong operating platform with top-class engineering capabilities, diversified business portfolio, superior project management skills and a healthy order book position which reflects good future prospects for our Company."*

About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
