Tecpro Systems Limited receives an order worth ₹ 146.6 crore from Damodar Valley Corporation

Gurgaon, January 4, 2013: Tecpro Systems Limited (Tecpro Systems), a leading Engineering, Procurement and Construction ("EPC") Company providing comprehensive range of services in Material Handling to Steel, Cement, Ports, Mining and other industries in Infrastructure sector, Coal handling systems, Ash handling systems & Balance of Plant (BoP) packages for Power Sector, has announced that it has received an order worth ₹ 146.6 crore from Damodar Valley Corporation for supply of Coal Handling Plant Package for BTPS 'A' (Bokaro Thermal Power Station) (1X500 MW) alongwith related services.

Tecpro Systems has a high level of operational expertise in three functional areas that are vital in any project i.e. *Design & engineering, Manufacturing and Execution*. Tecpro Systems will undertake Design, Engineering, Manufacturing, Shop Fabrication, Assembly, Testing, Inspection, Packing, Installation Services including Erection, Civil and Structural works for the complete Coal Handling Plant Package for BTPS 'A' (1X500 MW).

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said, *"We are delighted to announce this order in the coal handling space, as we continue to witness strong order inflows despite subdued macroeconomic conditions. The order from Damodar Valley Corporation reflects our leadership position in the coal handling segment along with proven execution capabilities. We will further continue to capitalize from the enormous opportunities given our order book visibility and presence across the entire value chain."*

About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing complex turnkey projects across the Power, Steel, Cement, Ports and other core sectors. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company forayed into the EPC segment for thermal power projects in 2007 and also provides Waste Heat Recovery Thermal Power Plants for the captive and IPP Clients, which includes undertaking the engineering, design, supply and commissioning of equipment and services. Leveraging its capabilities in coal and ash handling, the Company has taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
